

Your Recycling Services

Please remember that all boxes and bags should be placed out by 7.00am on your collection day.

It is important to remember that your waste and recycling must be at the front edge of your property, clearly visible from the road by 7.00am on the morning of your collection day or as late as possible the night before.

Our collection vehicles may sometimes need to visit your road at a different time than they normally would and your collection may be missed if you have not placed your containers out by 7.00am.

To provide an efficient and sustainable service we cannot return to collect waste and recycling placed out after the collection vehicle has visited your road.

Food waste collections have now been running for over six months- maybe you have noticed that you are throwing away more food than you thought?

Although some food waste like apple cores, potato peelings and meat bones are inevitable, other food waste could be avoided.

The average family wastes £400 per year on food they buy but don't eat. Simple things like planning meals ahead of time, making a shopping list and buying food with the longest sell by date can help to reduce the amount of food you waste and save you money.

For guidance on portion sizes, recipes to help you use up your leftovers and more, visit www.lovefoodhatewaste.com or take a look at the article in the Hounslow Matters magazine – December edition.

Your Collection Calendar - Friday - ZONE A

December 2009
