

London Borough of Hounslow

Air Quality Action Plan Consultation (AQAP)

(<https://www.hounslow.gov.uk/info/20096/consultations>)

- Hounslow Council is launching a public consultation on its draft Air Quality Action Plan, on 23rd of October 2017;
- Do you think poor air quality may affect your or your family member's health, particularly if they are vulnerable, or with conditions (asthma)?
- Do you live, work, or send your children to a school in a poor air quality area?
- Do you live near main road transport routes and other sources of air pollution?

If the answer to any of the above is Yes, help us to help improve your Environment (visit link above)

We would like to hear your views on the draft AQAP. You can respond by submitting answers to the questions below:

1. How might we improve the draft Air Quality Action Plan?

2. What other actions/measures, if any, would you suggest that should be included, which have not been included already within the draft Air Quality Action Plan (see pages 33-45)?

3. *How important is Air Quality to you and the associated potential actions/measures proposed within the draft AQAP, or those actions/measures suggested by you, and why (see pages 33-45)?*

4. *What is your personal experience of the impacts associated with exposure to poor air quality? (see pages 4-19 and 35-38)?*

5. *What action(s) would you be willing and able to take to improve poor air quality in your area, in order to improve your and others' health and quality of life in the borough (see page 41)?*

You can additionally respond in one of the following ways:

- By e-mail to Environmental Strategy at ldf@hounslow.gov.uk, or
- By post to Surinderpal Suri, Environmental Strategy (REDe), London Borough of Hounslow, Civic Centre, Lampton Road, Hounslow. Middlesex TW3 4DN.

Please note that your response will not be treated as confidential and any anonymous responses will not be considered.

What happens next

A summary of the responses will be made available following the consultation period. These responses will be fully considered and if appropriate, changes will be made to the draft AQAP to produce a final version of the working document prior to its adoption by the Council, which is anticipated in early to middle of 2018.
