**Class teacher:**.....

**Name of educational psychologist (EP):** .....

**Things I am good at:** .....

**Things I am not so good at:** .....

**People who help me:** .....

**How they help me:** .....

### WHAT IS AN EP?

- An EP is someone you can talk to about what you like doing and things you're good at.
- We can also talk about things you may not be so good at and about how you think and feel.

### WHO ELSE DOES AN EP MEET?

- Parents, carers, teachers and teaching assistants.

### WHY AM I SEEING AN EP?

- To help you, your parents or carers and teachers and teaching assistants to understand you more and think of some ideas that will help you get on the best you can in school.

### WHAT WILL HAPPEN WHEN YOU SEE AN EP?

- An EP will talk to you about what you like and don't like in school
- We may play some games or do some drawings with you
- We may do some puzzles or word games or reading and number work

### WHERE WILL I SEE AN EP?

- In a quiet place in school
- In the classroom to see what you or other children are doing

### WHAT HAPPENS AFTERWARDS?

- We will think of some ways to help you and talk about these with you or your teacher, your parents or carers
- We may come and see you again to see how you are getting on

### WHAT IF I WANT TO ASK A QUESTION?

- You can ask us any question when we meet with you
