

Hounslow Active Spaces

Hawthorn Hatch

Hounslow Active Spaces is an exciting new project which aims to promote the benefits of outdoor play and physical activity on health and wellbeing. As part of the project we will be refurbishing Hawthorn Hatch play area.

Over the summer, we captured your thoughts and ideas at onsite public engagement events and via online questionnaires. We also received great sketch ideas from local school children.

We are pleased to share with you the final Active Space design.

Final Designs

Works will begin onsite 15 February 2018 and we aim to complete in Spring 2018. An extended period of site closure is expected during this time.
