

(Insert date)

Dear Neighbours,

Come and join our Play Street on (Insert date and time)!

I/We contacted you a few months ago to ask for your support for our road to become a play street. London Borough of Hounslow has given us permission to go ahead. The first play street will be happening on **(Insert date and time)**.

Play streets are roads which are dedicated for our children to play for a few hours.

Children of all ages are welcome to play outside on their bikes, scooters, chalk, skipping ropes etc. It's a great opportunity for everyone in our street to meet and get to know each other. Whether you have young children or not, you are more than welcome to come along!

How it works

For children to be able to play on the streets safely, we will need to close the road. Residents will still be able to access the road however will be asked to drive at a very reduced speed and will be walked in/out by stewards.

We need your help to stay safe!

At the play streets, parents/carers are responsible for their own children.

We also need some volunteers to stand at the road closure points and divert traffic. If you are interested in volunteering, please contact me. However, any residents with cars do not have to move, though they may want to consider parking elsewhere.

We hope to see you there!

Best wishes,

(Insert your name/s)

(Insert your address and contact details here)

TIP! [You may want to put the flyer on the back of this letter so people can put up on their fridge/notice boards].
