Dear Owner/Occupier,

**Notification of works – Temporary closure of Homefield Road to implement
Cycleway 9 Scheme**

As part of the ongoing construction works for the revised Cycleway 9 Scheme, I am writing to inform you that we are looking to undertake works at the junction between Homefield Road and Chiswick High Road on 28 February 2022 for a duration of 8 days. These works will result in a temporary closure and therefore access to Chiswick High Road will need to follow alternative routes.

Please note that the above construction start date may be subject to change for operational reasons, but we'll do our utmost to ensure works are completed on time and that any changes to the construction dates are communicated to residents in good time. We apologise for any inconvenience this may cause.

Throughout construction, we will aim to minimise disruption to residents, businesses, and other road users during these works, though it will be necessary to close roads and footways, restrict parking and use temporary traffic signals at times.

Our Contractors, Hounslow Highways, will be managing the works. Working hours are 7.30am to 4pm Monday to Saturday.

Details of the scheme layout can be viewed at: to www.hounslow.gov.uk/cw9-changes

If you have any queries relating to these works, please do not hesitate to contact the Traffic & Transport Service via the details shown at the top of this letter.

Yours faithfully,

Jefferson Nwokeoma
Assistant Director, Traffic, Transport & Parking
