

PUBLIC SECTOR EQUALITY DUTY

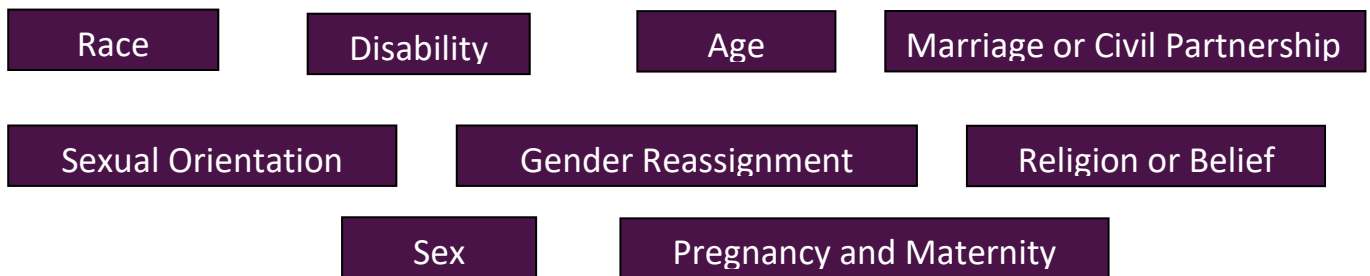

Equality, diversity and inclusion principles are at the heart of everything we do as a Local Authority. These are underpinned by the Equality Act 2010, which legally protects people from discrimination in the workplace and in wider society.

The Public Sector Equality Duty (PSED) ensures that public bodies consider the needs of all individuals in their day-to-day work – in shaping policy, in delivering services, and in relation to their own employees.

It requires public bodies to have due regard to the need to:

- (a) Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Equality Act 2010
- (b) Advance equality of opportunity between people who share a protected characteristic and those who do not
- (c) Foster good relations between people who share a protected characteristic and those who do not.

The protected characteristics, covered within the Public Sector Equality Duty are:

The Equality Duty is supported by specific duties, which require public bodies:

- To publish information demonstrating their compliance with the Equality Duty annually.
- To set themselves measurable equality objectives, at least every four years.

Equality, Diversity and Inclusion underpins our values, our commitment and the way we do things at the f London Borough of Hounslow. We want our employees to feel safe and bring their whole selves to work. We believe that having a diverse and safe workforce helps us support and serve our residents in the best way. Our values shape who we are and how we work at Hounslow.

Lead with Heart

We put ourselves in other's shoes, remembering that every person is different, and every interaction is a real moment in their lives.

Do New

We need to challenge ourselves to break new ground, invent new approaches, try new ideas, keep moving forward and keep improving. That means being ready to stop doing things we've done before.

Pass on the Power

The world keeps on changing and we need to change with it. We need to hand over responsibility and give people more power to make decisions and take action themselves.

Harness the Mix

We work together, across disciplines and roles. We're always open to different approaches, we're flexible and ready to adapt. We break down the barriers between our parts and people to unlock the problem-solving power of our amazing mix of minds.

Be a Rock

It's up to us to take the initiative. To take responsibility. To stand up and be counted. Everyday. It's about having the strength and determination to keep on going through thick and thin.

We are serious about equality. We are committed to work being a place where people belong and can grow and flourish.

This year we are continuing to review our Equality Strategy and have an ambition for everyone to feel valued, and to be encouraged and able to reach their full potential.

Equality Objectives

Our Equality Objectives are built upon our **Organisational Wellness Strategy Landmarks:**

Connect

Our people will feel part of a community that begins before and endures beyond the direct employee experience so that we attract, retain and transition the very best potential to achieve our ambitious objectives in the most effective way to deliver an outstanding service to our staff, residents and partners.

Belong

Our people will feel fully engaged and inspired to be their best self at work so that they, and our partners, experience an inclusive organisational culture that brings our values to life, enabling us to provide the very best public service to our residents.

Grow

Our people will learn every day so that we fulfil our individual and professional leadership potential in our careers and beyond to meet the needs of staff and residents.

Flourish

Our people will share their collective talents for the benefit of our wider community so that we work as one, enabling our people to contribute and add unique value to deliver for our residents.
