-  POLLINATOR HOTEL
-  MOON GATE
-  HEIGHT RESTRICTION BARRIER

'Moon gates' or arched gates added to key access points to frame views into the park, creating welcoming entrances

Existing perimeter route through the park to be formalised with new surfacing to ensure that it is usable throughout the year

New community orchard, with wildflower understorey to provide space for relaxation, growing and picking

New feature tree to provide height and visual interest to improved open space

New wildflower meadow with mown paths to improve biodiversity for wildlife and invertebrates

Native hedgerow and knee rail fence added to the perimeters to create a verdant edge and sense of enclosure and tranquility within the park

New planting and routes through the park are designed to integrate with the existing trees

Existing amenity grass areas retained and enhanced with new tree planting, providing space for continued recreational use

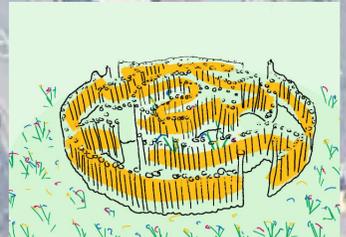

Existing fallen log to be retained and made good for ecological benefit

New native and ornamental tree planting to provide visual interest to improved open space

New natural play space, includes boulders, soft shrub planting, maze, stepping logs and upright drilled-timber logs (pollinator hotel) to provide opportunities for climbing, social play and imaginative play with natural materials
