CHISWICK HIGH ROAD ANTIQUE AND VINTAGE MARKET LICENCE APPLICATION

ADDENDUM

This addendum (parts I, ii and iii) should form part of the application submitted on 15/8/25

The licensing panel decided on 29 April 2025 to make 2 significant changes to the market the has been running in excess of 4 years. This application is asking for reconsideration.

The imposed 4.30pm curfew on leaving the site.

I am in full agreement that there should be a cap on what time the market area should be vacated after market closure at 3pm. The licensing panel asked me how long it takes for the market to pack up. My answer, which still stands, was 2.5hours. However the panel imposed 1.5hour pack up time which, after several markets with this rule it has proved **impossible** to adhere to for the following reasons. I therefore apply for the site vacation time of 5.30pm

I trust my stallholders implicitly and they all understand how important it was to adhere to this new restriction (introduced for reasons unknown) and the majority of them were so stressed at the inappropriate constraint that they started packing away from 2pm. The market does not finish until 3pm (the busiest trading times are from midday - 3pm generally) and this took away 1 hour of the busiest trading time for a lot of stallholders thus impacting their livelihoods quite significantly. This is extremely unfair on the existing market and the traders who are just trying to earn a living and have been trading successfully for over 4 years.

One of the reasons it takes this long is that most of the stallholders have many breakable and delicate items. These need to be packed away individually and carefully and this takes time. Compared to the other markets that operate, the traders at the Antique and Vintage Market have many more items for sale and it inevitably takes much longer to pack away.

The next thing that was very very apparent was, as there are still many many people about at 4pm/4.30pm it was notably very dangerous that all traders vehicles descended on site and amongst Chiswick High Road visitors at around the same time. Usually and historically, the natural flow and speed of stallholders being able to pack up would mean their vehicles are bought onto sight at varying times and when they are ready thus easing the 'onslaught' quite significantly. There were way too many vehicles and people on site at one time for this to be anything like safe. The panel decision has created a very dangerous scenario and a hazard that is very dangerous to the general public who are out and about on Chiswick High Road.

Another major concern for this 1.5hour time constraint is that among my traders I have elderly, disabled and people affected with physical and mental health issues - all diagnosed and with perfectly legitimate disabilities. This time constraint, which is not only unreasonable for able bodied people, really does seriously affect those trading with special and additional needs ultimately spoiling the general ambience and relaxed manner in which the market operates because of stressful and impossible constraints placed on its traders.

This time constraint was placed on my licence without any proper thought and consideration for the type of market it is and what trading in Antique and Vintage wares means. Sadly, the unfair constraint is impossible to comply with meaning my licence is impossible to comply with and, sadly, at each event it is inevitable that my licence conditions are breached - even with the best will and intention in the world.

The removal of 2 pitches on corner of Devonshire Road and Chiswick High Road

At the licensing panel Councillor Joanna Biddolph spoke of a pitch she believed was in a dangerous position on the corner of Chiswick High Road and Devonshire Road. The licensing panel removed this pitch as part of the licence. I duly removed this and was asked by the licensing department to submit a new pitch layout plan. When this was submitted I was asked to remove yet another nearby pitch which I do not believe was included in the decision and was not part of Councillor Biddolph's concerns. After more consultation between departments, it was decided that this pitch should be included in the removal – thus resulting in 2 pitches in that area being removed. I do not think this 2nd pitch was supposed to be included in the decision nor should it be included as it is not dangerously placed and should therefore be allowed to be part of my ongoing licence. Please see addendum ii – a photograph taken on Sunday August 3rd at Chiswick Cheese Market showing a pitch in the very position that my market has been banned from using?

Please see addendum iii – a detailed plan of the corner of Devonshire Road and Chiswick High Road provided by Hounslow Highways. This clearly shows that the space/measurements are more than sufficient for a pitch placement on this area.
