CENTRAL HOUNSLOW AREA

Minor & Householder Applications to be recommended for Approval with objections

Item	Address	Ward	Ref. No.	Case officer details
1	28 Elmsworth Avenue, TW3 4DT	Hounslow Central	P/2025/2527	alejandra.nino@hounslow.gov.uk
Proposal	Retrospective application for a House in Multiple Occupation with a reduction in the number of persons accommodated from ten to eight.			
No. of submissions: 1	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - Original house smaller than 130 square metres and therefore fails the minimum size threshold to be eligible for conversion. - Not located within a reasonable walking distance (400m) from town centre facilities, contrary to planning policy and guidance. - Property not located within a PTAL 4 area, contrary to Local Plan Policy SC10. - Intensification of the use of the property and is likely to cause noise and disturbance to neighbouring properties. - The use of the property as an HMO might have a profound detrimental impact on the character and appearance of the local area. - The applicant has failed to demonstrate that the proposal, together with other similar developments in the surrounding area, will not have a cumulative impact on the character and residential amenity of the area, as required by Policy SC10. - The proposal would result in an acceptable highway impact and would not result in additional excessive parking stress on the roads surrounding the development, contrary to Local Plan Policy EC2. - The property is currently used as an HMO for 10 occupants. The HMO licence for the property allows eight occupants. The current use is in breach of the HMO licence. Enforcement action should follow. - Condition 4 of planning application P/2016/1400 advises that the extensions permitted shall not be occupied at any time other than for purposes ancillary to the residential use of the dwelling. Therefore, the current use of the property as an HMO is in breach of this Condition and enforcement action should follow. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - Existing use as an HMO for 10 people is immune from enforcement action through a passage of time. - HMO license matters are not a planning consideration. - Reducing the number of bedrooms would improve the living conditions of the inhabitants.

HOUNSLOW SOUTH, ISLEWORTH, OSTERLEY & SPRING GROVE AREA

Minor & Householder Applications to be recommended for Approval with objections

Item	Address	Ward	Ref. No.	Case officer details
1	110 Bassett Gardens, TW7 4QY	Osterley & Spring Grove	P/2025/2631	alejandra.nino@hounslow.gov.uk
Proposal	Erection of a two storey side extension, part first floor rear extension and a single storey rear extension to the house.			
No. of submissions: 2	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - The proposal would harm the character of the area and negatively impact the amenity of residents' rear gardens. - The ground floor extension would project 7.5 metres into the garden, which is almost twice the size of neighbouring extensions. - Impact on residential amenity: Loss of privacy and light, increased noise, and a sense of enclosure. - No written Party Wall notice has been served. - The proposal does not meet the requirements of the Party Wall Act because construction would occur on or near the boundary of two properties, with digging close to the foundation level and within three meters of the shared boundary. - Loss of sunlight would cause neighbours to rely on electricity in non-habitable rooms, making the development contrary to the UK's net-zero target by 2050. - The gap between properties could become damp, causing mould, and birds, rubbish, and vermin to become stuck. - Maintenance of the properties would involve using new materials, which goes against the Waste Hierarchy. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - The proposal would comply with Residential Extension Guidelines. - No residential amenity impact. - A Party Wall Agreement is not a planning consideration.

Item	Address	Ward	Ref. No.	Case officer details
2	The London Apprentice, 62 Church Street, TW7 6BG	Isleworth	P/2025/2116	alejandra.nino@hounslow.gov.uk
Proposal	Installation of the previous roof fascia trims and refurbishment of the windows and sills			
No. of submissions: 1	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - The frosted glass windows in the Church Street doors and the corner window with Isleworth Ales should be kept. - The windows facing the road and car park have rounded corners, and the vents above the bay and east-facing windows need to be preserved. - The rounded corner glass of the Church Street doors must also be retained as it is listed. - Like-for-like identical wooden doors and windows should retain the existing period glass. - The flood defence wall has non-periodic lights that, along with two lights located near the fire escape, operate continuously, 24/7. These lights were installed without the submission of a Listed Building Consent (LBC). The existing lamps mounted on the flood defence wall provide adequate lighting, but they are currently in poor condition and need repair. - A PIR sensor with a halogen light operates 24/7 when it detects movement. However, if necessary, it should be used with a non-halogen light when the pub is open and for an hour afterwards. - Christmas lights have been hung over the bay window on the first floor for over a year, which does not align with the historical character of the pub. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - The proposal aims to refurbish the existing windows. The bay windows and timber cladding would be repainted in Heritage paint to match the rendered elevations. - The existing doors would be retained, and the works would include stripping and staining them. - Listed building fenestration and features would be conditioned to ensure their retention.
