Item	Address	Ward	Ref. No.	Case officer details
1	Land rear of Hounslow Conservative Club, Gresham Road, TW3 4BX	Heston East	P/2023/3177	Nathan.ringer@hounslow.gov.uk
Summary	<p>Redevelopment of the site to erect three, four storey residential blocks to provide 56 residential units with car parking, cycle parking and refuse stores incorporating the formation of new pedestrian entrances, hard and soft landscaping and amendments to the access road</p> <p><u>Summary of 92 objections:</u></p> <ul style="list-style-type: none"> - Loss of open space/sport facilities and overdevelopment of the site and wider area. - The proposal would result in the loss of community facilities, and would not re-provide the facilities on-site. - The proposal would provide a poor quality of accommodation. - The proposal would be contrary to the site allocation. - The proposal would be contrary to Local Plan policies and the NPPF. - The proposal would be taller than buildings in the vicinity and will change the character of the area. - The scale, form and position of the blocks would harm to appearance of the area. - The character and identity would be incoherent with its surroundings. - The proposal would harm the appearance of Osterley Station and other heritage assets. - Harm to the outlook of neighbouring properties, loss of daylight/sunlight, and would cause an increased sense of enclosure. - The position of the buildings would result in privacy issues between the new residents. - The materials and detailing should match red brick of the surrounding houses. 			

- The proposal would fail to replicate the architectural identity of the surrounding area.
- The proposal fails to acknowledge the historical significance of the area.
- Design should respond to the station and residential blocks.
- Harm to road network and additional congestion through additional residents and demand for vehicles.
- Busy junctions will be made more dangerous, especially for school children.
- Harm to public transport.
- Disturbances during construction to school and HCC, which would discourage user attendance, particularly the elderly.
- Insufficient parking provision and loss of existing parking. Displaced vehicles would further harm on-street parking provision.
- Access road to HCC and school insufficient.
- No access for emergency services.
- Low PTAL.
- Overprovision of cycle parking
- Failure to demonstrate no harm to habitats and species on site.
- Lack of open space provided by the development and would not achieve necessary BNG.
- Loss of trees during construction.
- Too many access points across the Great West Road, leading to a lack of security.
- Lack of community consultation.
- The proposal would harm the security, vitality and viability of the HCC.
- Increase in noise pollution.
- Harm to local infrastructure (sewage, nurseries, GP, dentist, schools)
- Harm to the value of neighbouring properties.
- Increase in anti-social behaviour due to new access from the Great West Road and affordable housing provision.
- Increase in fly-tipping.
- Lack of consideration for existing residents.
- Failure to provide access to Oakland's school facilities.
- Harm to resident's mental health and community cohesion
- Negative impact on the students of the school.

Petition received with 184 signatures (not to be treated as formal objection to planning application):

- 'Any development of this magnitude must include provisions for a prayer hall accessible to the local community at minimum. Failure to incorporate such a facility, either within this development or through the provision of an alternative prayer hall, would

	<p>disproportionately impact the local Muslim community, particularly those who are elderly, frail, or disabled. Ensuring equitable access to religious spaces is essential for fostering a sense of belonging and social integration within our community’.</p> <p><u>Summary of likely recommendation:</u> To be determined by Planning Committee.</p>
