Item	Address	Ward	Ref. No.	Case officer details
2	Syon Park, London Road, TW8 8JF	Syon	00707/E/P116	rupinder.dhoot@hounslow.gov.uk
Proposal	Creation of a one-way link road between Syon Park and London Road, including associated engineering operations, earthworks, drainage and landscaping.			
No. of submissions: 19	<p><u>Summary of objections (x7)</u></p> <ul style="list-style-type: none"> - Will negatively affect the existing quite cycle route linking Syon House to London Road. - Cuts through a Grade I listed landscape to sacrifice this for commercial gain is unacceptable. - Extra traffic will only add to delays and pollution. - Would create an urban intrusion into a local, national and internally valued rural setting. - No realistic assessment has been given of volume of vehicle movements. - Left exit into London Road with increased usage of Syon Lane off London Road. - With no future use of the Wyevale premises or a master plan predictions are not possible to ascertain potential maximum traffic flow. - If the gates are left open, as suggested, at the busiest hours of the day drivers would inevitably be tempted to ignore “no entry” signage and enter via the proposed new route. - No preventative measures are indicated to deter usage by lorries/large vehicles. - Proposed gates and signage would clutter an existing rural setting. - Loss of grassland. - Fails to preserve the character and appearance of the parkland and conservation area. - Fails to preserve or enhance both the setting and special architectural and historic character of the Grade I Listed landscape. - Very special circumstances of the proposed have not been demonstrated. - Archaeological survival potential is assessed as “high”; therefore, ground intrusion from proposed tree planting and subsequent root action would remove or severely disturb any archaeological remains at the planting location. - The planning application provides insufficient information on public benefits to offset what may be the “less than substantial harm” to a heritage asset. - Negative impact on biodiversity and Archaeology. <p><u>Summary of support (x8)</u></p> <ul style="list-style-type: none"> - Allowing vehicles to come off the main road will reduce congestion and pollution. - Closure of garden centre has led to a drop in visitors to the park the proposed road will help bring back visitors. - New egress will aid in cars being able to leave the site without having to use Park Road. - Will improve access to nursery. - Will help businesses and residents of Brentford. <p><u>General comments (x4):</u></p> <ul style="list-style-type: none"> - Closing Church Street was a terrible mistake 			

	<ul style="list-style-type: none">- Reopen Church Street with traffic calming measures.- Suspend all parking on Park Road on event days.- Opening Church Street would have prevented the closure of Wyevale Garden Centre. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none">- Less that substantial harm to listed park outweighed by public benefit.- No harm to highway and pedestrian safety subject to safeguarding conditions. <p>(Please note that this item was previously added to the week 11 list recommending refusal, since then further information has been submitted to overcome the reasons for refusal).</p>
