Breach	Use of single dwellinghouse as four self-contained flats and the erection of a single storey rear extension and rear roof extension			
Proposed remedy	Action: • Demolish the single storey rear extension • Demolish the rear roof extension • Cease the use as four self-contained flats • Return to a single dwellinghouse • Remove all but one of the kitchen and bathroom facilities • Remove all subdividing doors • Remove all resultant debris from the site Reason: • The roof extension given its excessive width and lack of set ins and set up from the eaves results in an overbearing and dominant feature harming the character of the property and surrounding area contrary to Local Plan policies CC1,CC2, SC7 and the Residential Extension Guidelines SPG • The single storey rear extension by reason of its excessive depth causes harm to neighbouring amenity and the character of the surrounding area contrary to Local Plan policies CC1,CC2, SC7 and the Residential Extension Guidelines SPG • The change of use of the property from a single dwellinghouse into five self-contained flats is considered unacceptable which provides poor quality accommodation that is cramped and substandard. The original internal floor area of the property is below the minimum threshold for the conversion to flats and results in the unacceptable loss of a family house for which there is an identified need. The development is therefore contrary to adopted Local Plan policies CC1,SC5,SC6
