Breach	Unauthorised installation of hardstanding to the front of the house			
Proposed remedy	Remedial action: <ul style="list-style-type: none"> Removal of the unauthorised hardstanding and any resultant debris from the premises. Reasoning: <ul style="list-style-type: none"> The materials used are out of keeping with the property and surrounding area, so harming the surrounding street scene and the character and appearance of the original property. The development results in water running directly onto the pavement, therefore in the winter months, creating an icy surface on the pavement which could in turn be detrimental to pedestrian safety. May result in a substantial increase in surface water run-off as permeable surfaces are replaced by impermeable surfaces with no provision for run-off to be contained on site or even to minimise the quantity of water run-off into the main drainage system <p>These are therefore contrary to Policies Context and character (CC1), Developing a sustainable local transport network (EC2), Flood risk and surface water management (EQ3) and Residential extensions and alterations (SC7)</p>
