EXPLANATORY NOTE

(This note is not part of the Order, but is intended to indicate its general purport)

This Order The London Borough of Hounslow (20mph Speed Limit) No.1 Order 2025, includes 20mph zone extensions along: High Street, London Road, Brentford, Lampton Road, Sutton Lane, Wellington Road North, and Wellington Road South, Hounslow.

Statement of Reasons

20mph Speed Limit Specific Proposals

As part of the borough-wide road safety initiative, the Council is proposing to extend the existing 20mph zones on High Street, and London Road, Brentford, Lampton Road, Sutton Lane, Wellington Road North, and Wellington Road South, Hounslow. The proposed extended zones are:

High Street will cover the length of the road between its junction with Goat Wharf and Brentford Bridge, Brentford;

London Road will cover the length of the road between a point 10.5 metres east of the common boundary of Nos. 491/491a London Road and Brentford Bridge, Brentford;

Lampton Road will cover the length of the road between its junctions with Bath Road and Jersey Road, Hounslow;

Sutton Lane will cover the length of the road between its junctions with Bath Road and Great West Road, Hounslow;

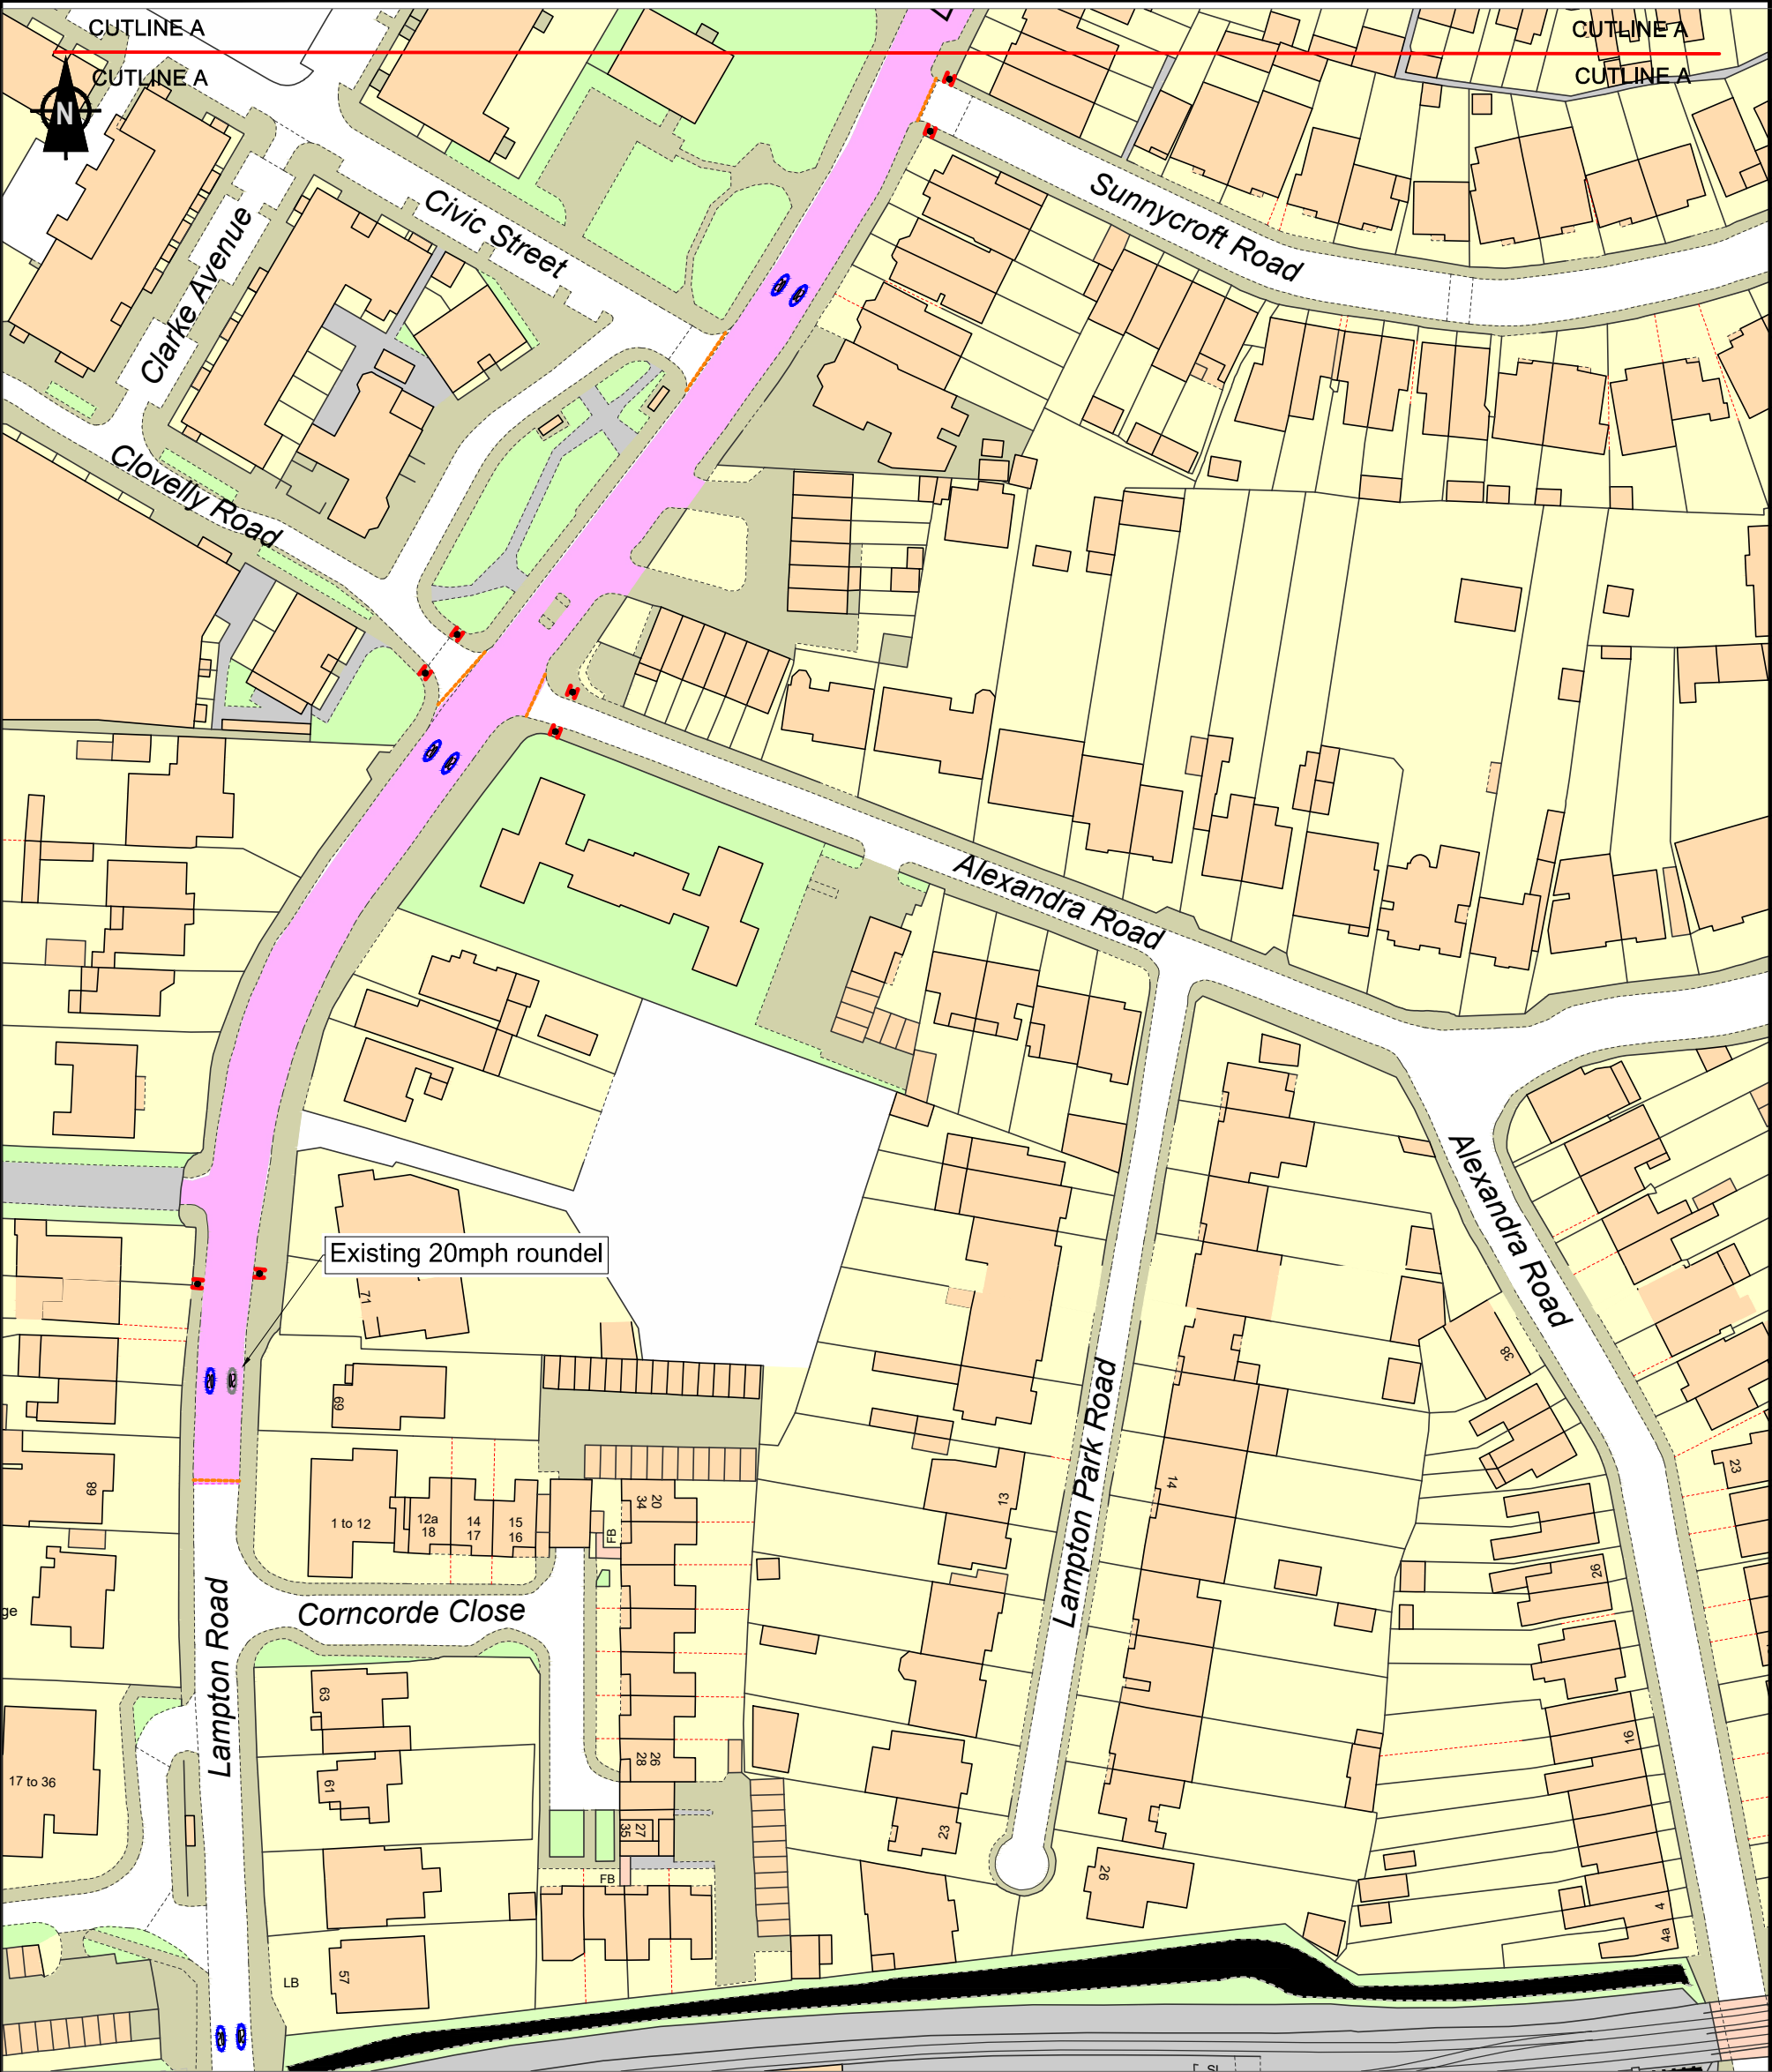

Wellington Road North will cover the length of the road between its junctions Bath Road and Staines Road, Hounslow; &

Wellington Road South will cover the length of the road between its junctions Staines Road and Hanworth Road, Hounslow.

20mph Speed Limit General Information

The Council recognises the benefits that lower vehicle speeds have on improving road safety on road within the borough. Lower vehicle speeds reduce the severity of injuries and the likelihood of them. Research suggests that a 1% reduction in the average speed can reduce collision frequency by 6%.

It is expected that the proposed measures will create a safer environment for all road users and will be of particular benefit to vulnerable road users, including cyclists and pedestrians, the younger and older people and those with disabilities.
