Summary of objections

- Excessive building height and scale,
- Loss of natural light and increased overshadowing,
- Significant loss of privacy,
- Noise impacts,
- Insufficient parking provision,
- Pressure on local services and infrastructure,
- Lack of family-sized home,
- Concerns about street layout.

Summary of reasons for approval

- Principle of mixed-use redevelopment already established through planning permission P/2026/0045.
- Proposal delivers 100% affordable housing with an acceptable, policy-compliant mix.
- Amended scheme would not result in additional harm to neighbouring residential amenity, the character and appearance of the site or wider area, the local or strategic transport network, environmental quality.
- The S106 Obligations and conditions would be carried forward to secure improvements/mitigation toward local infrastructure.

CHISWICK AREA

Minor & Householder Applications to be recommended for Approval with objections

Item	Address	Ward	Ref. No.	Case officer details
1	62 Woodstock Road, W4 1DT	Chiswick Homefields	P/2025/3764	daniel.hughes@hounslow.gov.uk
Proposal	Erection of a single storey rear infill, rear extension and rear roof dormer extension and replacement front door and windows one front roof light and a first floor rear Juliet balcony, and removal of an existing first floor side window.			
No. of submissions: 1	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - Extensive scale of internal and external demolition (including removal of chimney breasts) and loss of historic fabric and integrity. - No dimensions are included in the submitted Existing and Proposed Drawings. - Scale of proposed single storey rear extension to the house's original rear outrigger appears unnecessary and unjustified. - Incongruous single storey rear extension design features, including oversized roof lanterns. - No balustrade or tiling material details have been submitted and the rear roof dormer extension designs are insufficiently detailed. - Three front roof lights would disrupt the house's uniformity within the streetscene. - Inadequate evidence has been submitted to demonstrate that the house's existing windows are in poor condition and require replacement. A condition survey should be undertaken. - No detailed designs have been submitted for the proposed replacement windows. - Replacement of the house's existing front door would be unjustified. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - No harm to the character and appearance of the house and Conservation Area, and neighbour living conditions. - The submitted Proposed and Existing Drawings include a scale ratio for measuring dimensions. 			
Outcome	Delegated decision			

Item	Address	Ward	Ref. No.	Case officer details
2	3A Bath Road, W4 1LL	Chiswick Homefields	P/2026/0091	daniel.hughes@hounslow.gov.uk
Proposal	Installation of an air conditioning condenser unit to the rear of the existing single storey rear outbuilding located in the house's rear garden.			
No. of submissions: 1	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - The proposed air conditioning unit would be high output and dual purpose for air conditioning and heating. An air source heat pump has not been justified. - The manufacturer has advised that the proposed air conditioning unit produces a low frequency hum and additional whirring sound, and that its defrost cycle increases noise output. - Noise is amplified by reflecting from surrounding walls and travels with wind. The proposal would intrude on and permeate neighbouring residents' lives. - Persistent mechanical noise, regardless of volume or pitch, breaches residents' right to enjoy peace and quiet in their gardens, living areas and bedrooms in a Conservation Area. - The acoustic report's background noise level measured from the rear garden of No. 3A Bath Road is not representative of the neighbouring house's quieter rear garden background noise level. - An operational monitoring and maintenance condition must be secured. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - No harm to the character and appearance of the Conservation Area, neighbour living conditions or the local environment. - The submitted Plant Noise Assessment has been assessed and approved by the Council's Pollution Control Service. - The proposed air conditioning unit's noise pollution standards compliance, installation with anti-vibration mounts and submission of a post installation noise report for the Council's approval would be secured by condition. 			
Outcome	Delegated decision

Item	Address	Ward	Ref. No.	Case officer details
3	Quintin Hogg Memorial Sports Ground, Hartington Road W4 3AN	Chiswick Homefields	P/2025/3531	jacky.leung@hounslow.gov.uk
Proposal	Variation of condition 2 (Approved Plans) to allow amendments to site access, internal layout, site works remediation strategy and internal alternations of the listed building of planning permission P/2023/1835 approved 30/08/2024 Improvements to grass / turf playing fields to create flexible multi-sports games pitches, two new all-weather sports pitches, cricket nets and artificial wickets, padel courts, associated floodlighting and renovation works to listed stadium building, including solar panels and air source heat pumps. Remodelling car parking areas, new way finding signage across site, associated hard / soft landscape, and drainage works.			
No. of submissions: 5	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - LED floodlights bore directly into houses from morning till night, affecting residents and bats. - Football matches result in loud noise till 11pm. - Need assurance that the gate by Spencer Road and Station Gardens will not be used as an access point for the public. - The plans do not show all existing trees and proposed new trees. - More densely populated trees alongside the Cavendish Road boundary alters the character of the street and the levels of light that reach the property. - Concern about the maximum height of the proposed hedgerow. - Huge increase in traffic. More congestion. Larger coaches and lorries will make the area more dangerous. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - No change to floodlights, operation hours, tree plantation numbers, biodiversity net gain and would be bound by conditions of the original application. - The application would be approved with conditions related to access safety and Delivery & Servicing Plan. 			
Outcome	Delegated decision
