HOUNSLOW SOUTH, ISLEWORTH, OSTERLEY & SPRING GROVE AREA**Minor & Householder Applications to be recommended for Approval with objections**

Item	Address	Ward	Ref. No.	Case officer details
1	Isleworth Business Complex, St Johns Road, TW7 6NL	Isleworth	P/2026/0792	alejandra.nino@hounslow.gov.uk
Proposal	Retrospective permission for the existing use of the site for storage and distribution (B8) and existing structures with associated cycle storage and disabled parking.			
No. of submissions: 6 from 4 addresses	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - The site historically functioned as shared estate infrastructure for parking and circulation, not as an independent commercial unit. - Use of the site has been varied and intermittent (including parking, car washing and storage). A continuous and consistent B8 use has not been demonstrated, and the refused Certificate of Lawfulness (P/2024/0984) confirms this position. - Any claimed immunity from enforcement does not regularise the use or justify planning permission. - The proposal represents a material intensification, significantly increasing traffic and servicing activity. - Increased HGV and van movements would cause congestion, and disruption to estate operations and manoeuvring areas. - The loss of historic parking and overflow space has reduced parking availability and caused estate wide operational inefficiencies. - Unit holders have rights to two parking spaces per unit. - The access road owner disputes any right to use the access for a B8 or intensified commercial operation. - Infrastructure not designed for the proposed intensity, and land interests outside the applicant's control. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - Certificate of Lawfulness P/2025/0595 was granted for the western section of the application site, confirming B8 (storage and distribution) use for that specific area, as no evidence of alternative uses was found during the relevant period. - The proposed use is compatible with the industrial location and would represent an enhancement to the existing. - Matters relating to land ownership, access rights and parking are civil matters and not material planning considerations. - Proposal would comply with Local Plan policies.
