Proposal	Erection of a three to five storey block of flats containing 66 self-contained units (Class C3) (mix of 1, 2, 3 and 4 beds) with associated undercroft surfaced level car and bicycle parking, hard and soft landscaping, with all necessary ancillary and enabling works following the demolition of seven single storey vacant buildings (Sui Generis).			
No. of submissions: 27	<p><u>Summary of objections</u></p> <ul style="list-style-type: none"> - Overdevelopment. - Will result in a loss of trees. - Will reduce property values. - Will increase rubbish and pollution. - Should create a pedestrian access. - Issues with streetlights should be fixed. - Development will impact mental health. - Will increase pressure for parking and parking overspill. - Jessop Avenue is a private road. The ownership should be clarified. - Loss of an animal welfare facility for commercial development is wrong. - Will worsen existing congestion on roads and intensify school-run traffic. - The pavement is only on one side and too narrow for pedestrian comfort. - Cramming 66 flats on this site is excessive and will burden local services. - Area is already overcrowded and additional flats will impact the local community. - The access road is too narrow to allow large vehicles to pass one another simultaneously. - creating a through-route between Jessop Avenue and Burket Close would increase noise and traffic with no clear benefit. - The excessive height will cause overlooking, loss of privacy, and safeguarding concerns for nearby homes and the school. - Whilst housing demand is high, the proposal would harm neighbours through loss of light, outlook, views and increased enclosure. <p><u>Summary of reasons for approval</u></p> <ul style="list-style-type: none"> - No harm to neighbouring living conditions, to the character of the area, to local parking/highways or in any other regard, subject to the imposition of appropriate safeguarding conditions and negotiation of a S106 agreement. <p style="text-align: center;">To be heard at Planning Committee</p>
